

## Brian Corkum

Architect, AAA, AIBC, OAA, B Arch, LEED® AP  
Principal

Brian has over 17 years of experience in a variety of project sectors and building types, including institutional, residential, commercial office, retail and healthcare. Brian's passion for design and his strong skills in project management and team leadership make him an invaluable member of the team. His keen sense of understanding the client's vision and objectives have contributed tremendously to the overall success of a project and his experience working in an integrated design environment has fostered innovative and effectual design solutions for his clients. As a LEED® Accredited Professional, Brian is a proponent of sustainable design, energy efficiency and the improvement of a building's environmental performance. He is also currently a member of the Subdivision and Development Appeal Board for the City of Calgary.
