

## Genevieve Giguere

Architect, AAA, BArch  
Associate Principal

Genevieve has worked on a variety of project types ranging in scale from residential mixed use, emergency services, hospitality and large educational institutions. Her interest in project management stems from her desire to make things as clear as possible for clients, while serving to meet their needs and challenges. Genevieve applies a profound personal sensitivity to ensure that buildings have a direct and meaningful impact on peoples' lives and when working with stakeholders and user groups, she believes in the importance of always actively being engaged and collaborative.

### Education

Bachelor of Architecture, Laval University, 1998  
Certificate in Construction Estimation & Property Assessment, College Andre-Grasset, 1994

### Professional Affiliations

Member, Alberta Association of Architects (AAA)
