

Robert Spaetgens

Architect, AAA, AIBC, SAA, MRAIC, MArch
Principal

In Robert's many years as an architect, he has been involved with a number of high profile projects that have earned him respect as a leader and designer in the architectural industry. Creativity and solution based innovation underscores all of his endeavors. Robert's experience is well balanced and he offers any project team leadership at all levels through the design and construction process. He believes that the ability to communicate clearly and effectively is the keystone for the successful delivery of any project. Robert has developed state-of-the-art knowledge in the planning and design of seniors facilities and is recognized as one of the industry's leading specialists in this sector.
