

We are looking for an Intermediate Registered Architect or Designer for our Edmonton studio.

Shape the world with us.

We're looking for people who want to contribute their ideas and their passion to shape the built environment of our communities – collaboratively, creatively, and sustainably.

If you want to join us on this journey, read on and apply!

Yes, we need people with outstanding design skills (read about this below), but *more importantly we are looking for people who want to be part of a team, like to learn, get energized by solving a problem, and are looking to make a difference in people's lives.* We believe that buildings and interior spaces can do this.

What you'll get:

At S2, you'll be part of an amazing team of diverse individuals across three studios – Calgary, Edmonton and Vancouver. We provide full service architectural, interior design, and master planning with a collaborative and inclusive approach to create spaces for people that support wellbeing, cultivate community, uphold sustainable design, and provide purposeful spaces for working, living, and playing.

Our work spans a broad range of building and project types, and the foundation of our success is deeply rooted in the value we place on our relationships – with our clients, our consultants, our employees, and our teammates.

If this sounds appealing to you – and you like to have a bit of fun as well – then we look forward to receiving your application.

Work/Life Benefits

- Competitive health and dental insurance plan
- Employee life and dependent life insurance
- Long-term disability
- Flexible work hours / Work from home options
- Continuing education / professional development
- Social activities
- S2 days for extra time to spend with family
- Profit sharing program

Our Values

Smarter together.

Our collaborative approach is driven by more than a desire for coordination and efficiency. The way we approach projects comes from a belief that shared ideas, collective knowledge, and combined experience benefits the project goals and vision.

Stay grounded.

We believe that success can only be achieved when thoughtfully grounded in the wellbeing of the people we work with, the environment, and our communities.

Nurture our world.

Sustainability comes from the relationship we have with the world around us. How we live, what we choose to create, and the resources we utilize are guided by a sense of stewardship that nurtures a balance between us and the natural world.

Imagine more.

We create a team environment where everyone can freely express new ideas, innovative concepts are nurtured, and creativity flows.

We walk together.

Diversity and inclusivity have a tangible value that gives us insight and perspective for stronger and more creative solutions.

Relationships matter.

The foundation for wellbeing and success is building relationships that are enduring, have strength, and are meaningful.

“The favourite part of my job is working with others to create or solve something complex.”

~ S2 employee in a June 2021 employee survey

Intermediate Registered Architect or Designer

The successful candidate will have experience in planning and all phases of architectural design, have previous Canadian or North American experience in architectural design, and knowledge and practice in a variety of building types and construction methods. This role calls for a critical thinker who is detail oriented, possesses strong creative design skills, and contributes to the design process. This individual will push the boundaries of conventional design with a keen understanding of the needs of the client and end user.

The successful candidate must be able to lead projects with minimal direction from a Partner-in-Charge or senior staff and work directly with clients. This individual will possess strong leadership skills and will be experienced in establishing scope and directing work of architects/designers and technical staff on multiple projects. This position provides support to the senior Project Manager/Project Architect and will contribute to the overall success of the firm.

QUALIFICATIONS

- Proficiency with graphics software: Revit, AutoCAD, SketchUP and Adobe Design Suite
- Experience in the preparation and coordination of Development Permit Documents
- Strong organization and time-management skills
- Strong communication and interpersonal skills
- Effective leadership and mentoring skills
- Ability to work in a team environment
- Ability to manage project resources, costs and schedules

EDUCATION & EXPERIENCE

- Degree in Architecture from an accredited University
- Minimum 5 years experience
- Registered Architect or currently enrolled in the internship program
- LEED AP is an asset
